Signing up for a Swim Meet:

If you want to sign your child up for a swim meet, the first thing you need to do is to consult the coach and see if your child is ready to swim in a meet. If they are, then go on to the website and click on the "Meet Info button" and print out the meet information and entry sheet for that particular meet. Generally this info is available 4- 5 weeks before the event.

1 Choose the events that you want your child to swim, and write them down on the entry sheet along with the cost for each of the races. Please read the meet information to verify that you do not enter your child in more events than is allowed. Most meets allow each swimmer to swim 5 events per day and 2 relays. A sample of the entry sheet is at the bottom of this page.

2 After you have filled out the entry sheet, then place the entry sheet with a check made out to Emerald Coast Swimming Booster Club Inc. in the file cabinet at the pool. Generally speaking, each individual event is $3.00 and relays are $2.00 per swimmer. There is also a $3.00 per athlete surcharge at all meets. Some meets are more expensive, so always consult the meet information from the website.

If you have any questions, then please bring the above forms to practice, and your child's coach will help you fill out the form.

Meet: 2007 "Name of Swim Meet" September XXX

Venue: "Name of the City where meet is held

Entry fees: See Invite
